⚠ WARNING

The use of virtual reality glasses may generate some symptoms such as dizziness, altered vision, eye or muscle contraction, disorientation or involuntary movements of any nature. Therefore, if you experience any of these symptoms, stop playing IMMEDIATELY.

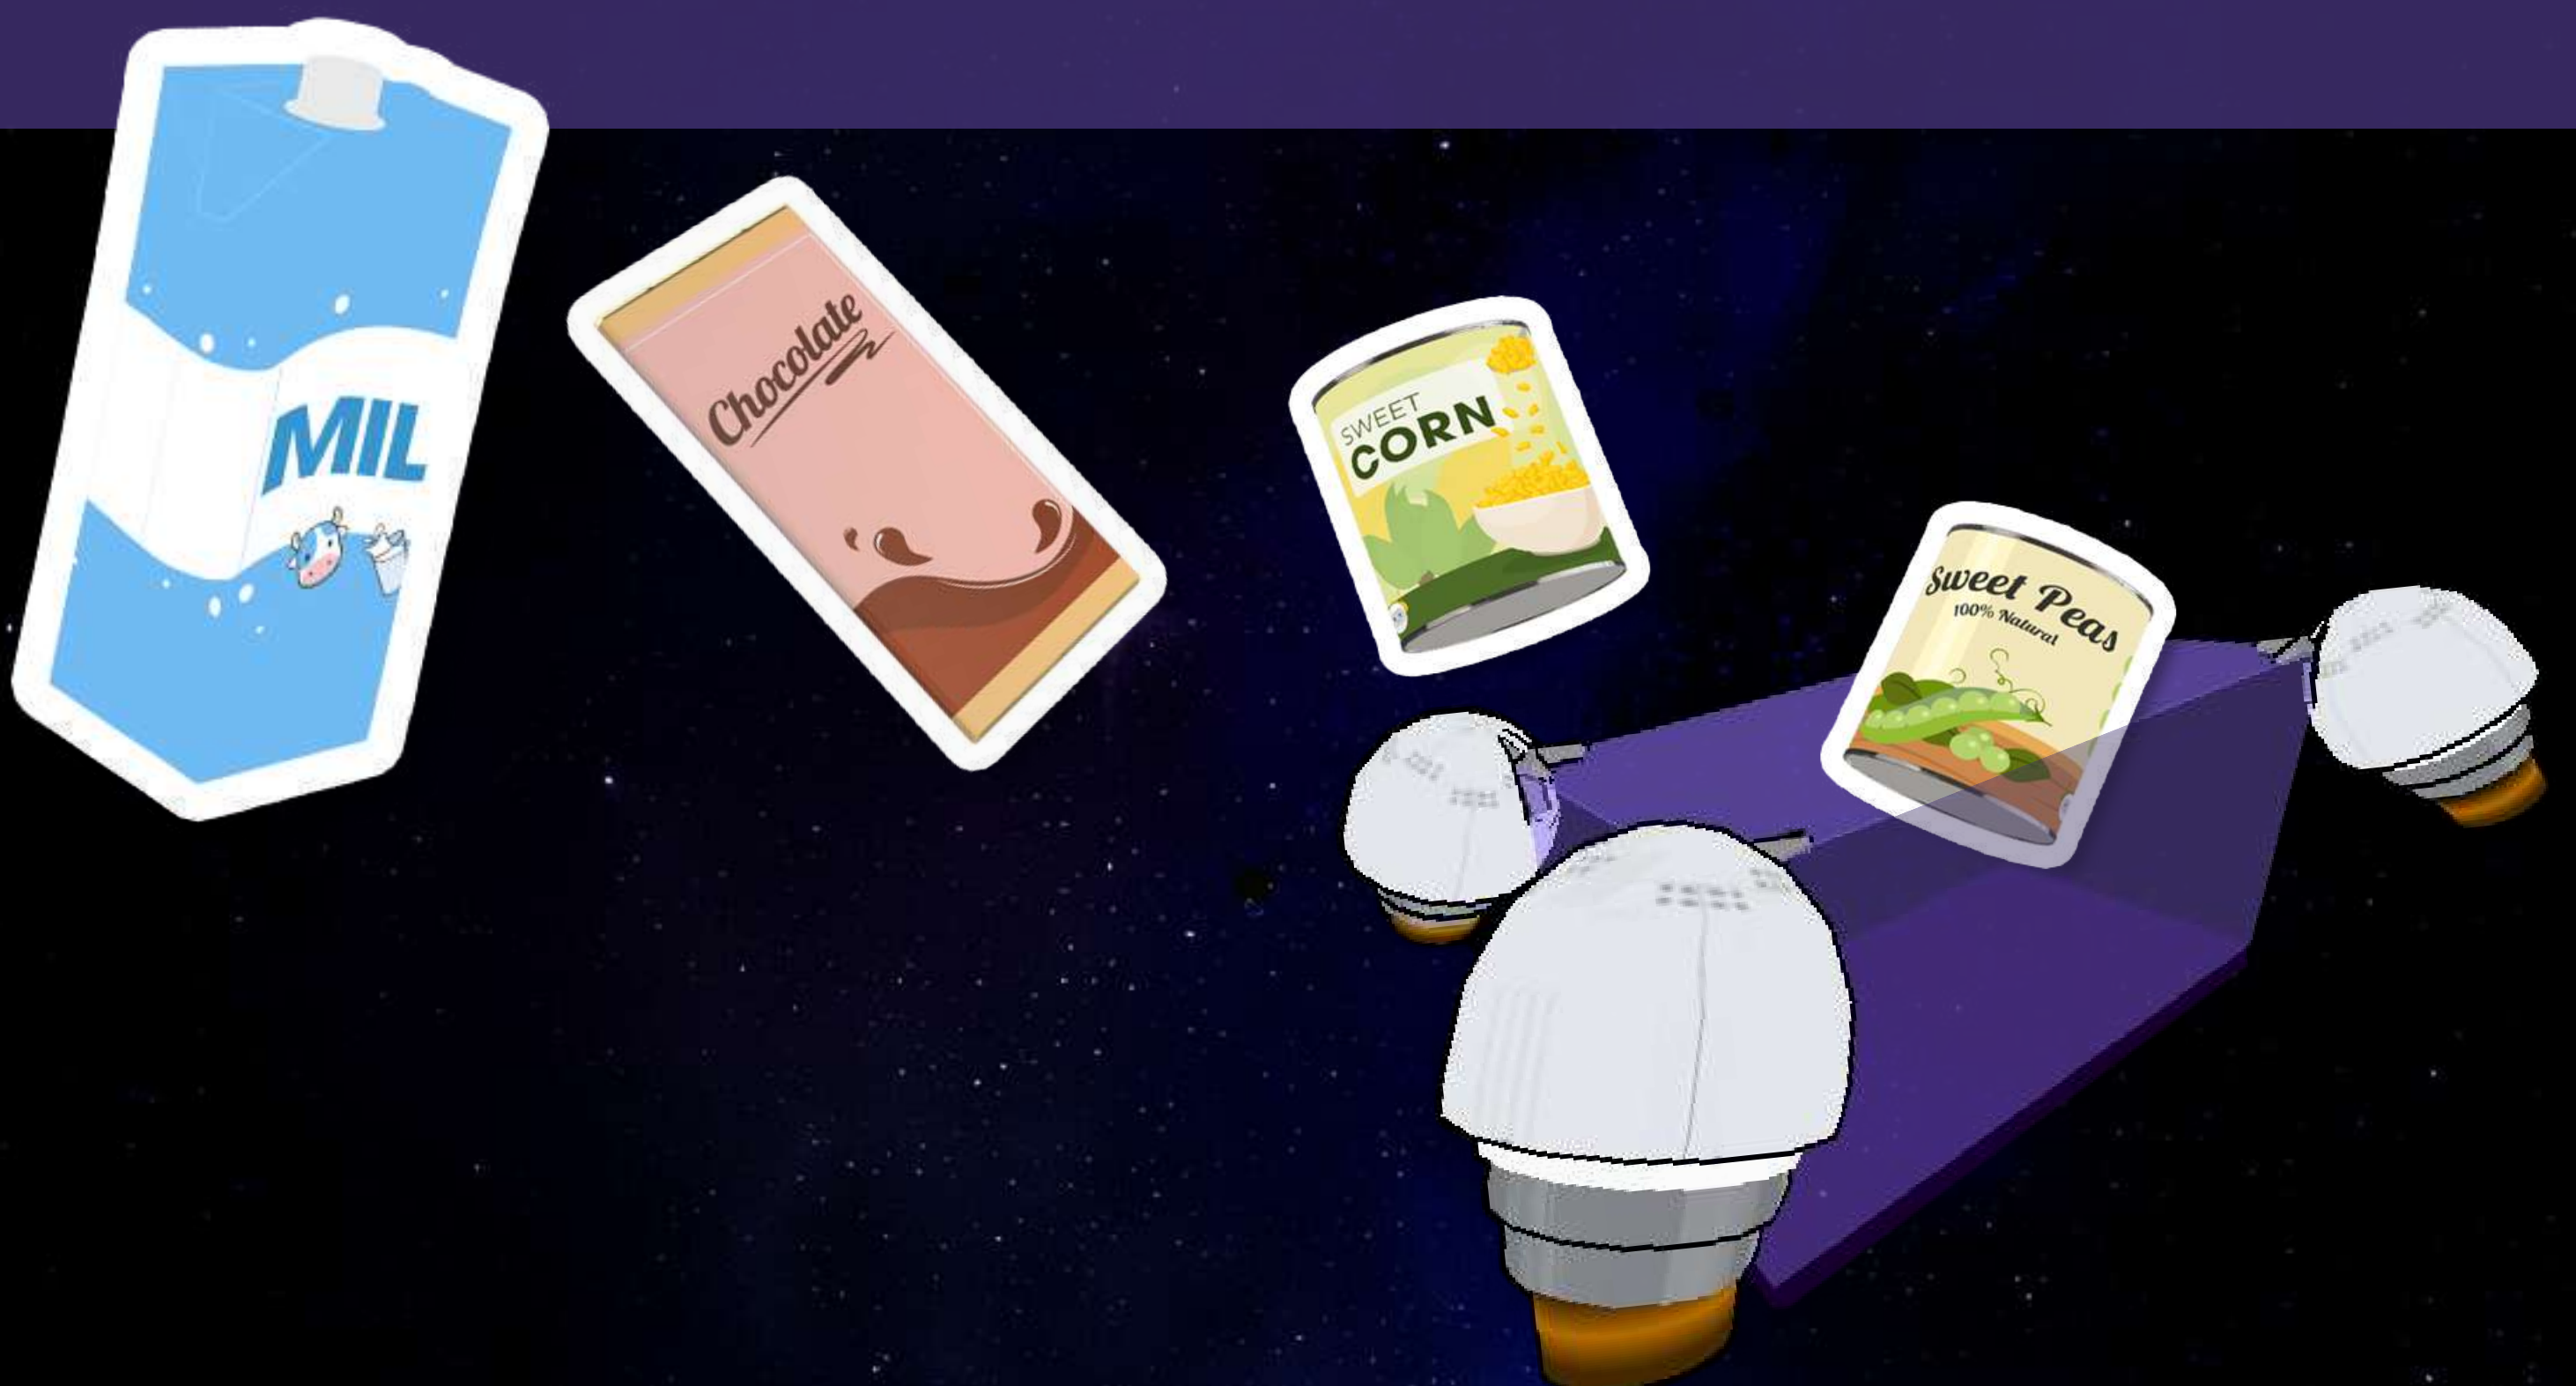

If you or anyone in your family has suffered or is susceptible to epileptic seizures or loss of consciousness when exposed to certain bright lights or light patterns in everyday life, we recommend that you do not play the game, and the decision to participate in the game is at your own risk.

WELCOME TO SUPERMARKET VR

In the year 2612, shopping isn't just a chore, it's a cosmic adventure! Welcome to Supermarket VR, in the grooviest galaxy-side, where gravity is optional and there are shooting stars at the closest window. You're not just any shopper, you're a Cosmic Courier, entrusted with delivering delicious delights to planets near and far.

Your trusty shopping list hums to life in your ear and Supermarket VR is more than just shelves – it's a living, breathing space station! Talkative, robotic assistants alongside you, offering cheeky tips.

So, buckle up, Cosmic Courier! Your shopping list awaits, and with each item you collect, you're not just filling a floating cart, you're fueling the funkier space parties and fueling the bellies of intergalactic heroes. Remember, at Supermarket VR, shopping isn't just a necessity, it's an adventure! Are you ready to blast off?

PLAYING THE GAME

Before Blasting Off to the Supermarket VR, Let's Get You Safely Geared Up!

Clear Your Cosmic Runway:

Gaze around your real-world space and clear any obstacles eager to meet your toes.

Push aside furniture, banish those tripping hazards, and make sure your path is free for some spacial moves!

Get Cozy with Your Space Gear:

Gently place your VR headset over your eyes, adjusting it until it feels like a comfy space helmet.

Grab those controllers like you're about to pilot a star cruiser, making sure they're snug in your hands.

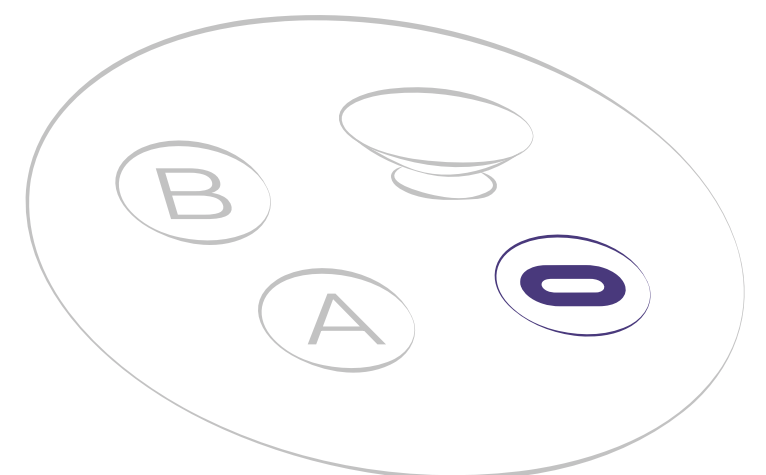

For expert tips, consult the handy guide that came with your VR set!

Test Your Galactic Groove:

Take a few steps in your play area, feeling the rhythm of the cosmos.

Stretch those arms, twist that torso, and make sure you have enough space to dance among the stars without bumping into any pesky asteroids (aka your furniture).

If you need to recenter your position, you can always do that by pressing and holding the *Oculus Button* in your controllers.

Now you're all set to embark on your Supermarket VR adventure!

Remember, safety is always our top priority, so if you ever feel dizzy or disoriented, just pause the game and take a break. The grocery list can wait, but your well-being is always first in line!

PLAYING THE GAME

Choose Your Galactic Challenge:

Reach out with those virtual hands and tap the level that calls to your adventurous spirit.

Hold your hand over your chosen level for a few seconds to lock it in—just like grabbing a zero-gravity grocery cart!

Each of the 5 levels brings a bigger grocery list to test your memory, so choose wisely!

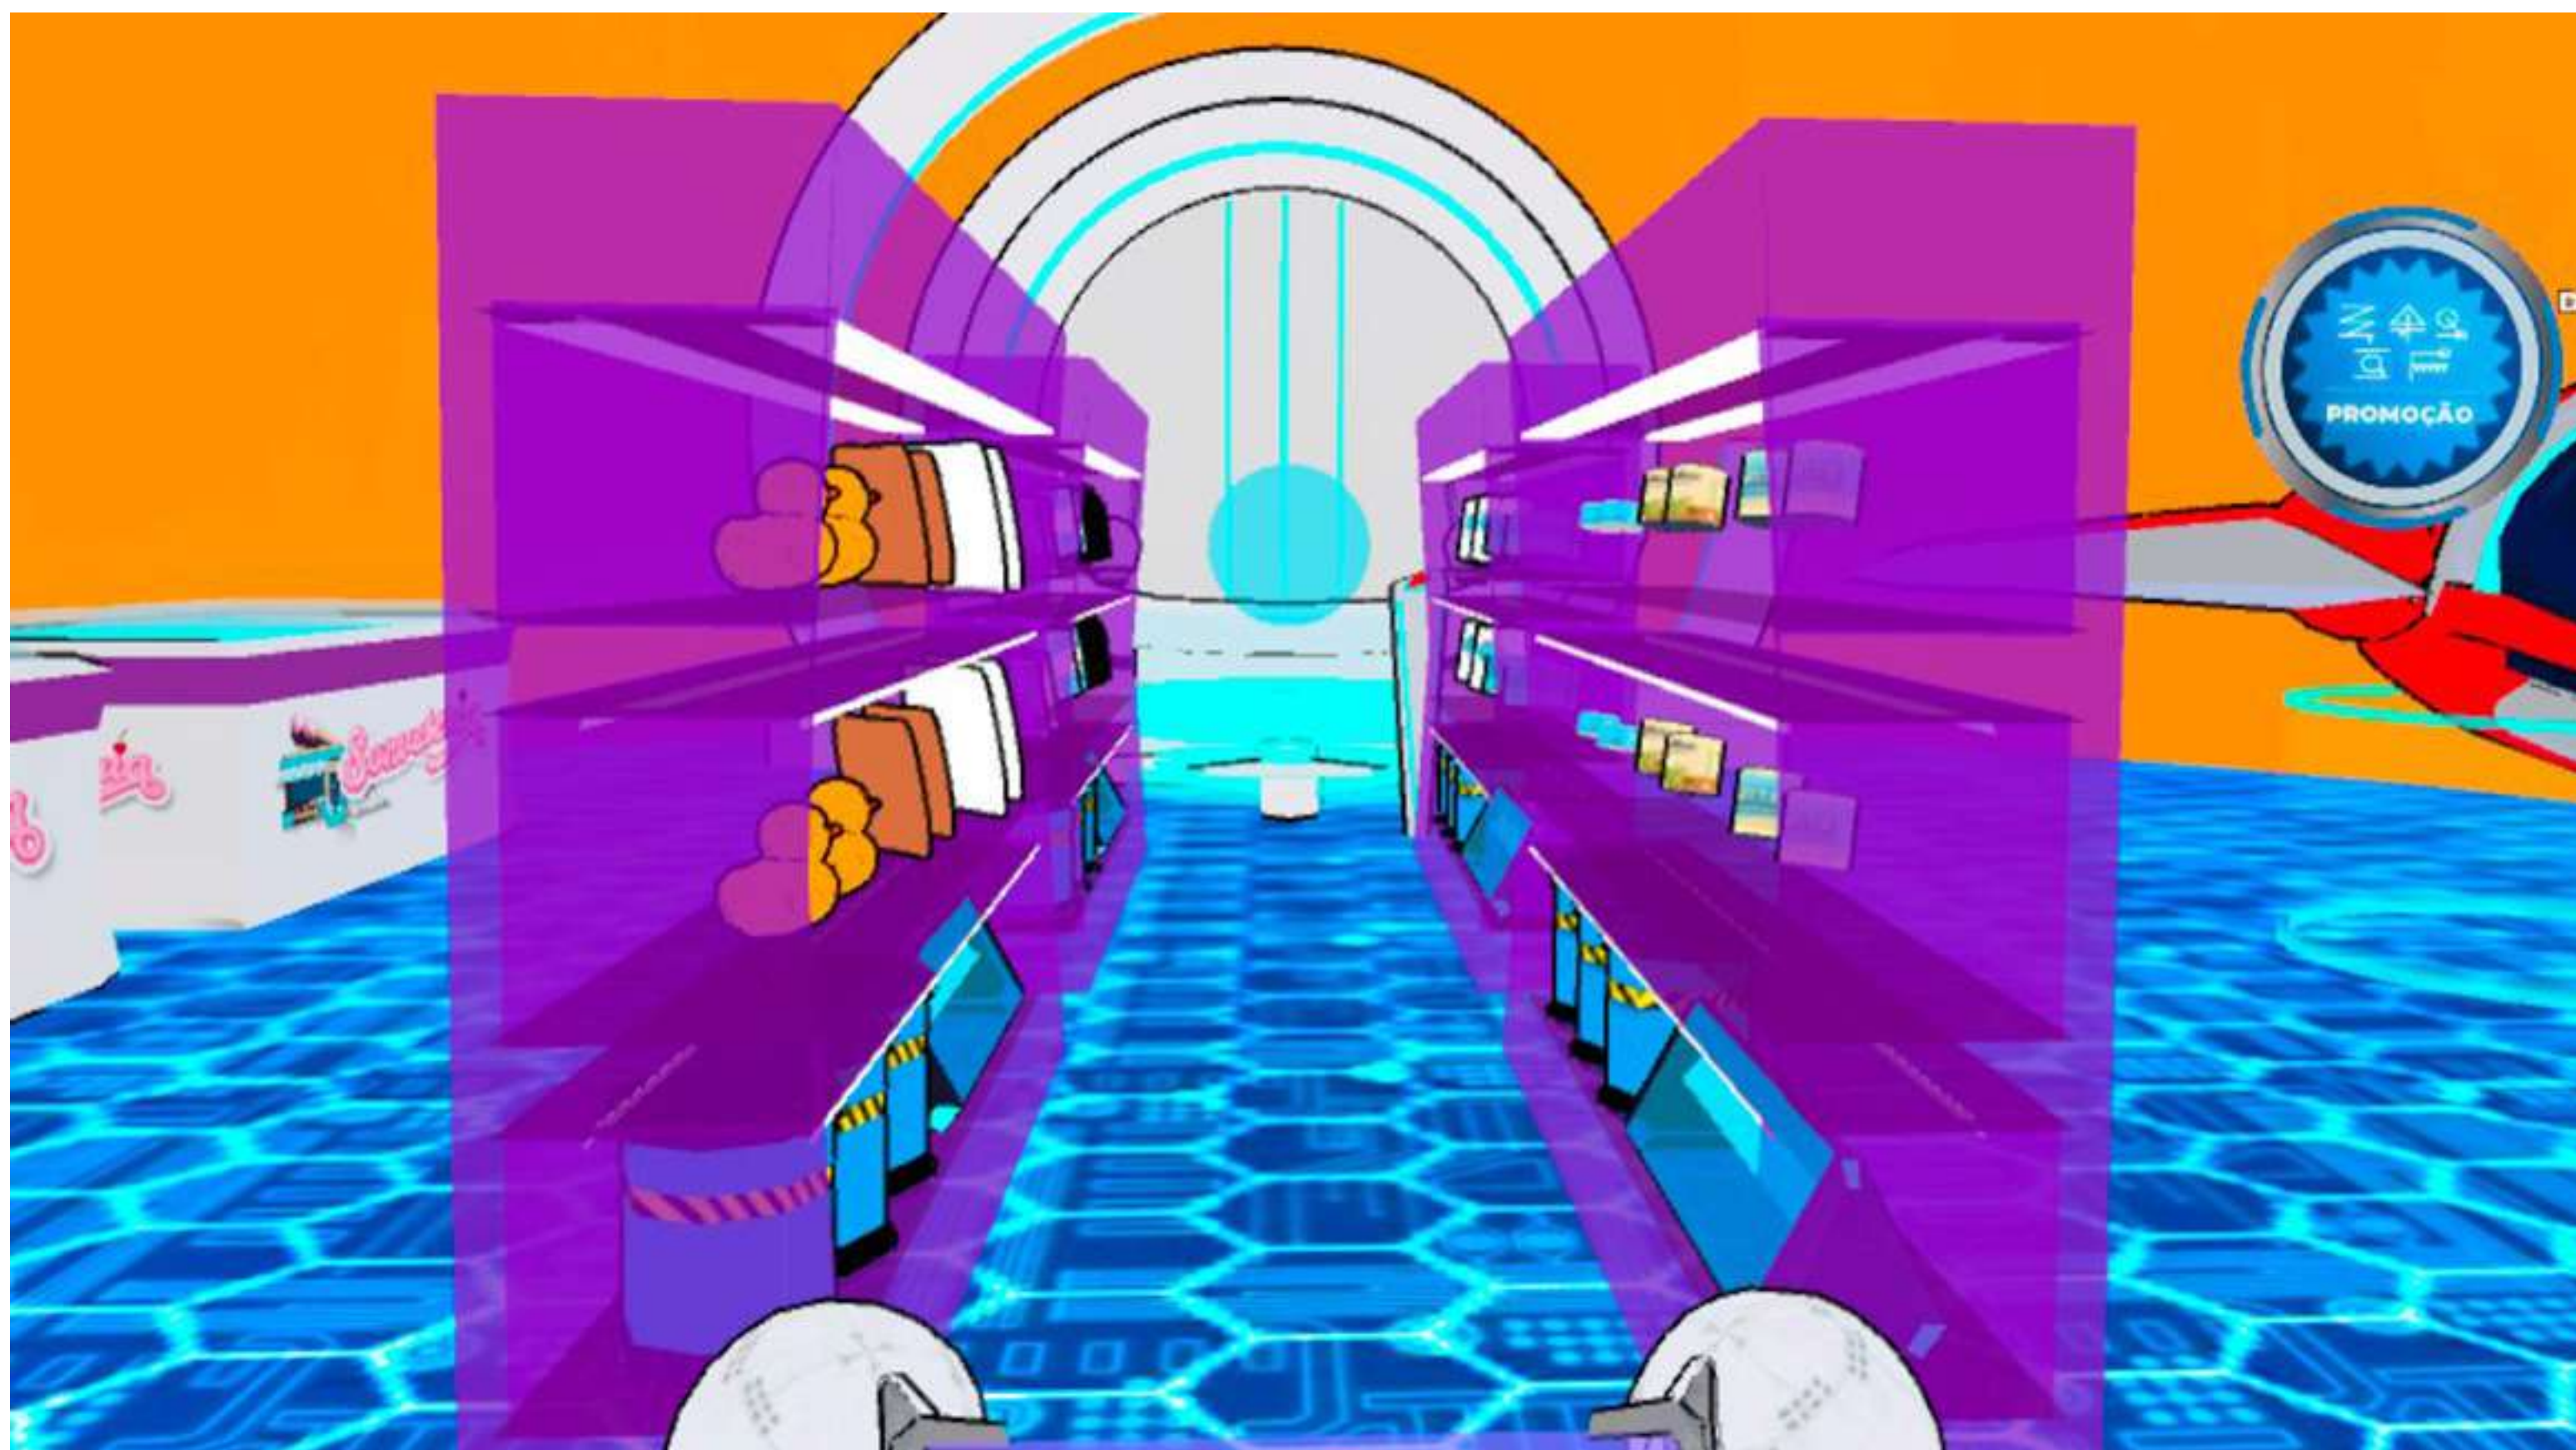

Select Your Space-Speak:

Feeling a bit lost in translation? Look to your right and spot those intergalactic soda cans!

Each can holds the secret to a different language. Simply hold your hands over the one that matches your cosmic lingo to get everything translated in a jiffy!

PLAYING THE GAME

Your first mission:

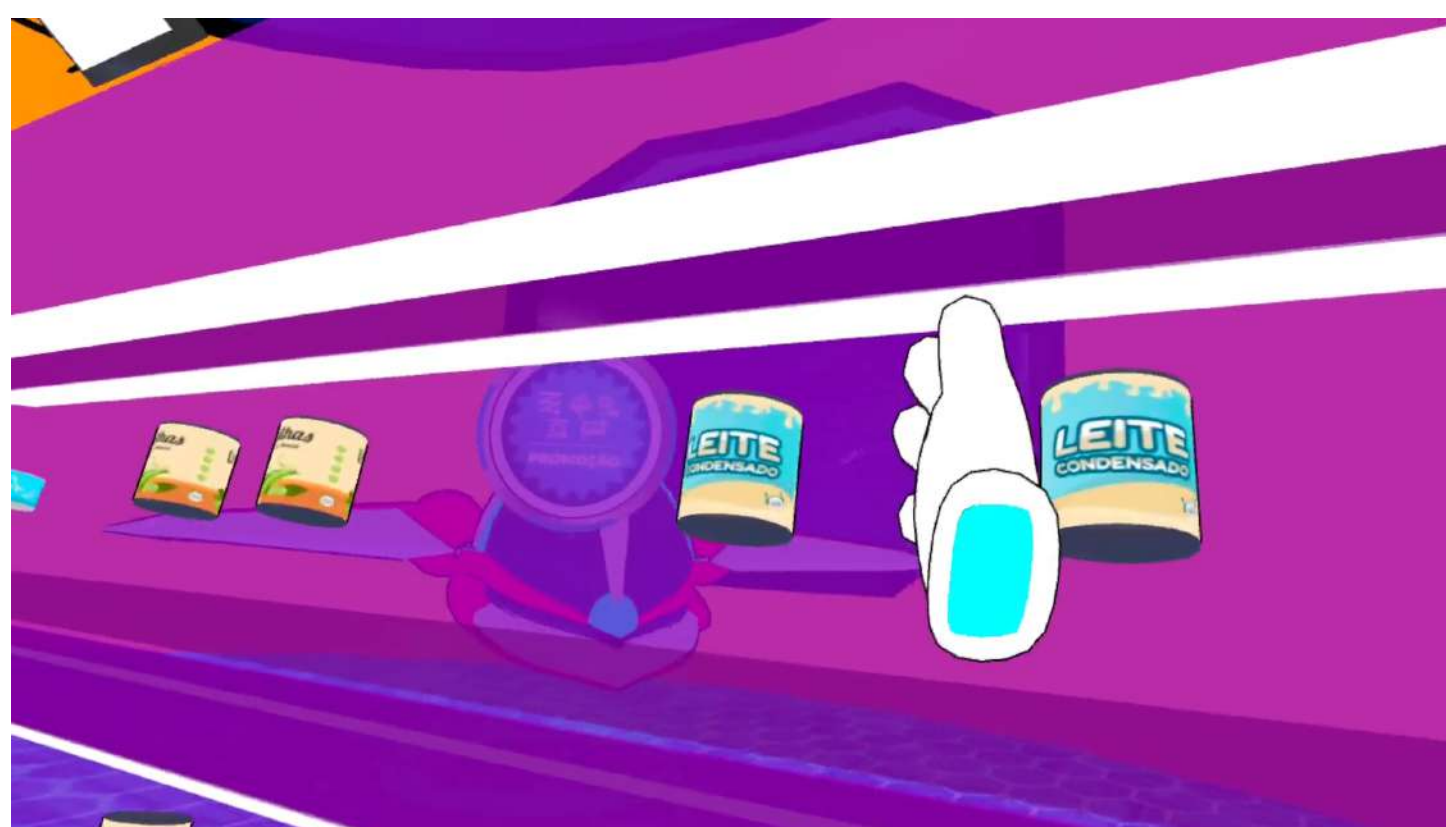

As soon you start a new level, you will hear instruction of what to do, and how to play, and in case you feel a little lost in what to do, listen to our friendly robotic friends giving you hints about what to do next.

Your first task is to listen to your personalized grocery list glowing on your left glove. And then grab those products from the shelves, and bring them straight to your floating shopping cart.

Don't fret if something slips; the item will be teleport back to its shelf and there is no penalty in your final score.

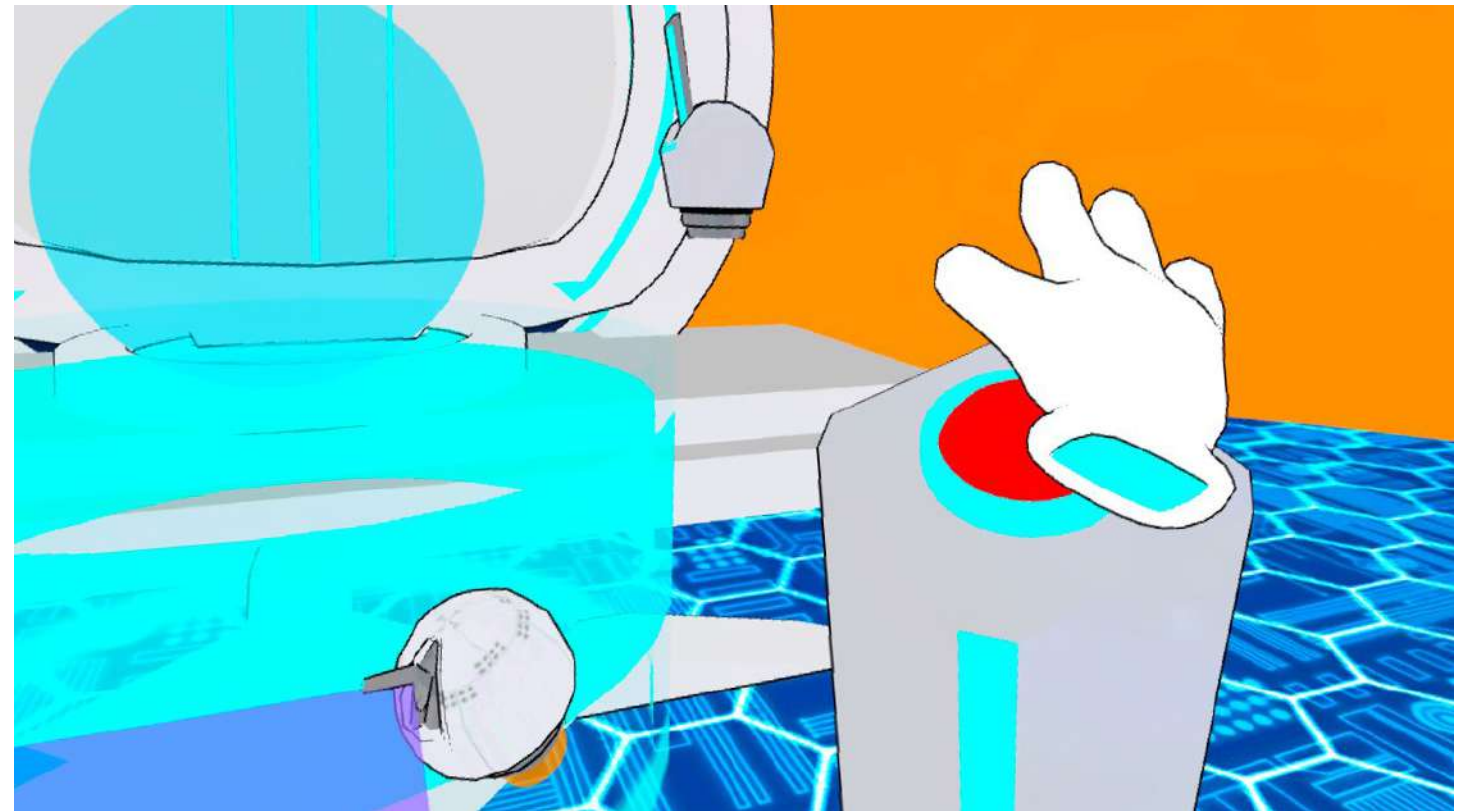

And remember, if your not sure in what items are in your grocery list, you can always listen to it again.

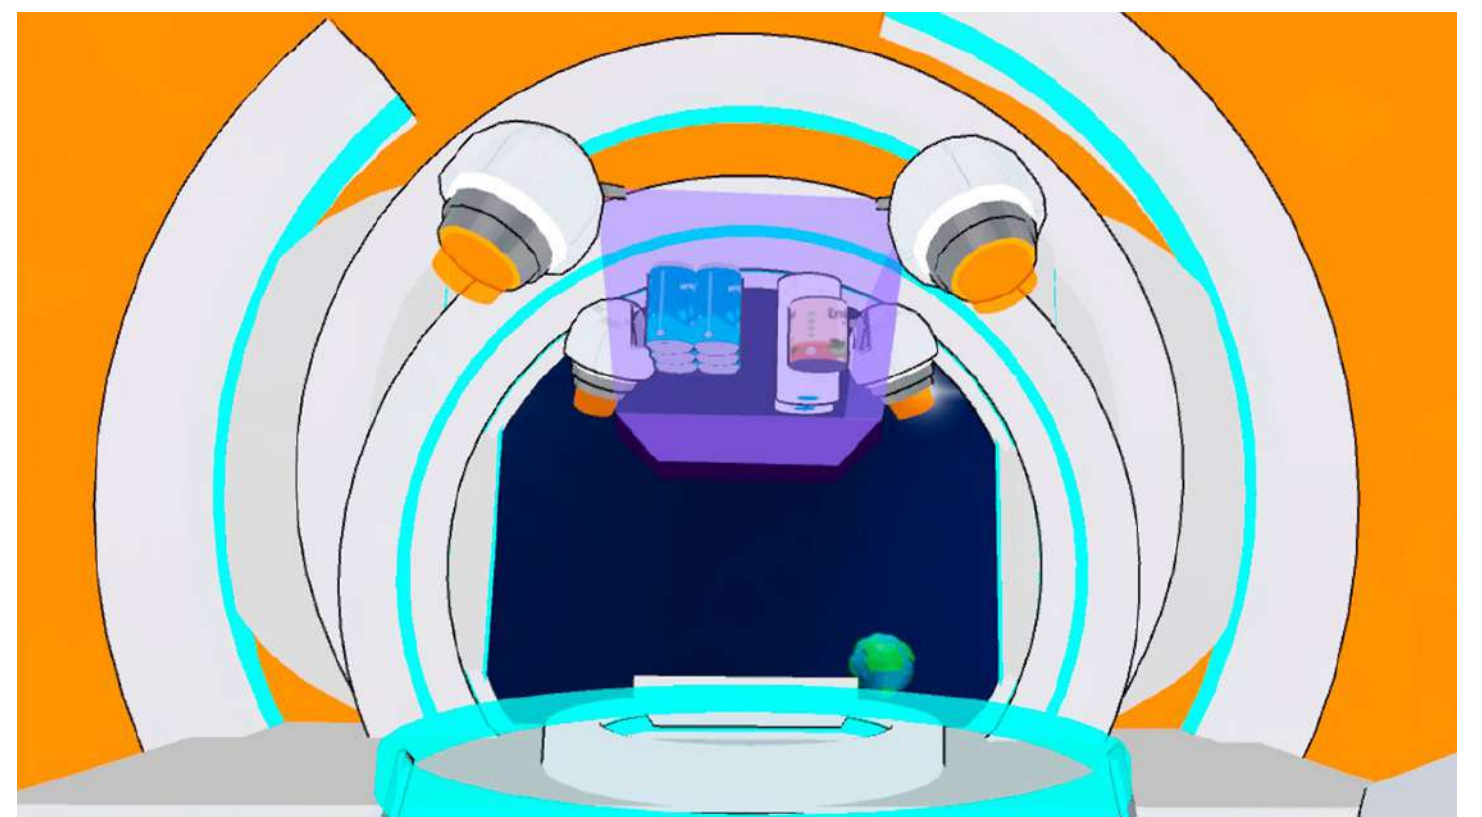

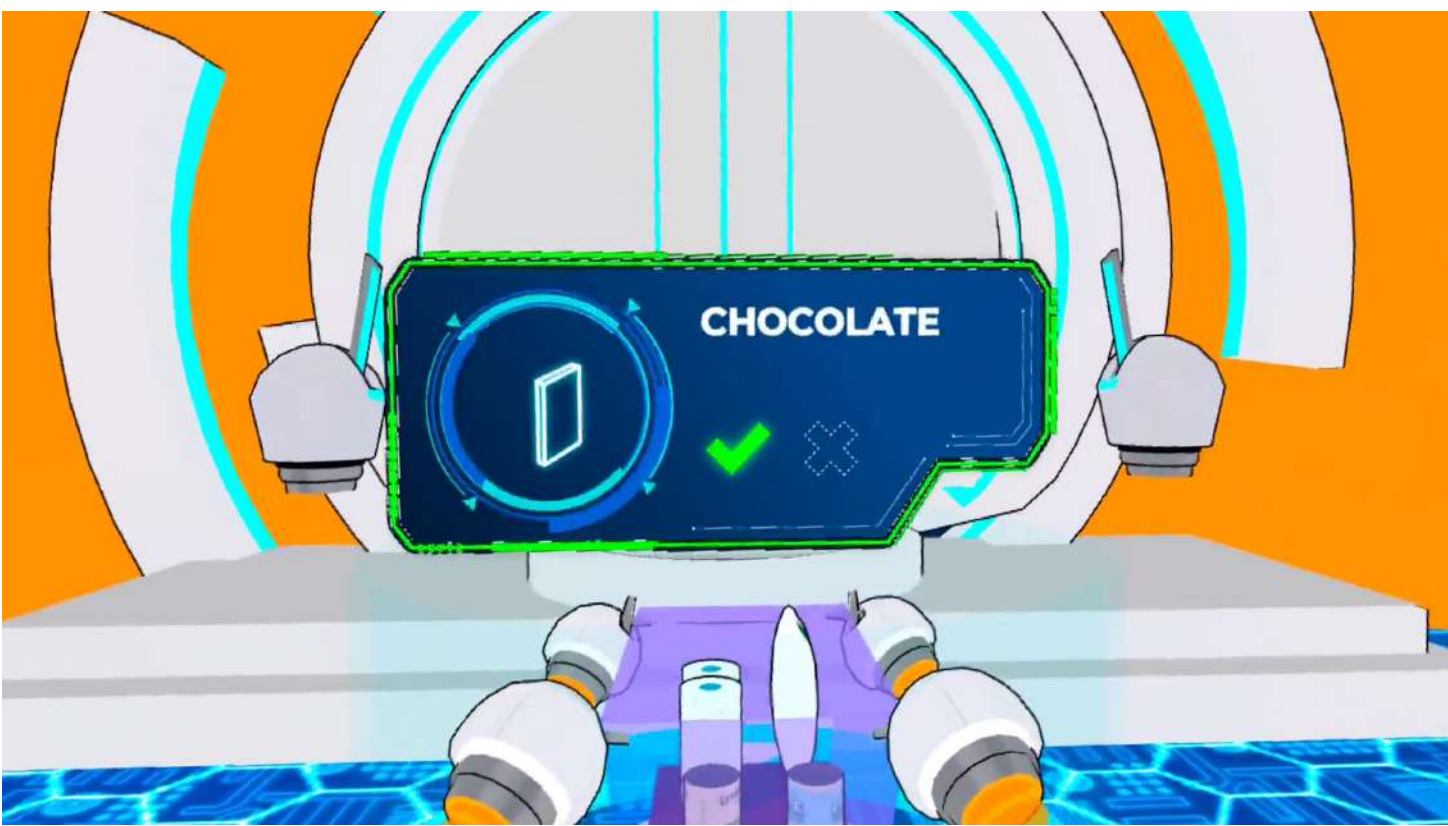

PLAYING THE GAME

Delivering the purchase:

After you have grabbed and placed all your grocery items in your cart. Cruise your cart over to the shimmering checkout portal at the end of the aisle. Slam that big red button like a true space captain to finish.

The checkout portal will whirl to life, scanning your cart with a dazzling display of holographic lights.

In a blink, those cosmic groceries will dash in a twinkling wormhole, zipping off to their final destination—whether it's a starry soirée on the other side of the galaxy or a cozy comet kitchen just around the corner.

– *Your mission is complete, Cosmic Courier!*

PLAYING THE GAME

Score system:

As your groceries soar through the cosmos, the Supermarket VR scoreboard will light up with your galactic greatness. Watch those stars align as you earn points for every perfectly-picked product and speedy delivery. Remember, practice makes perfect—and with each shopping spree, you'll be one step closer to becoming the ultimate intergalactic grocery hero!

After checking your final score you have two options:

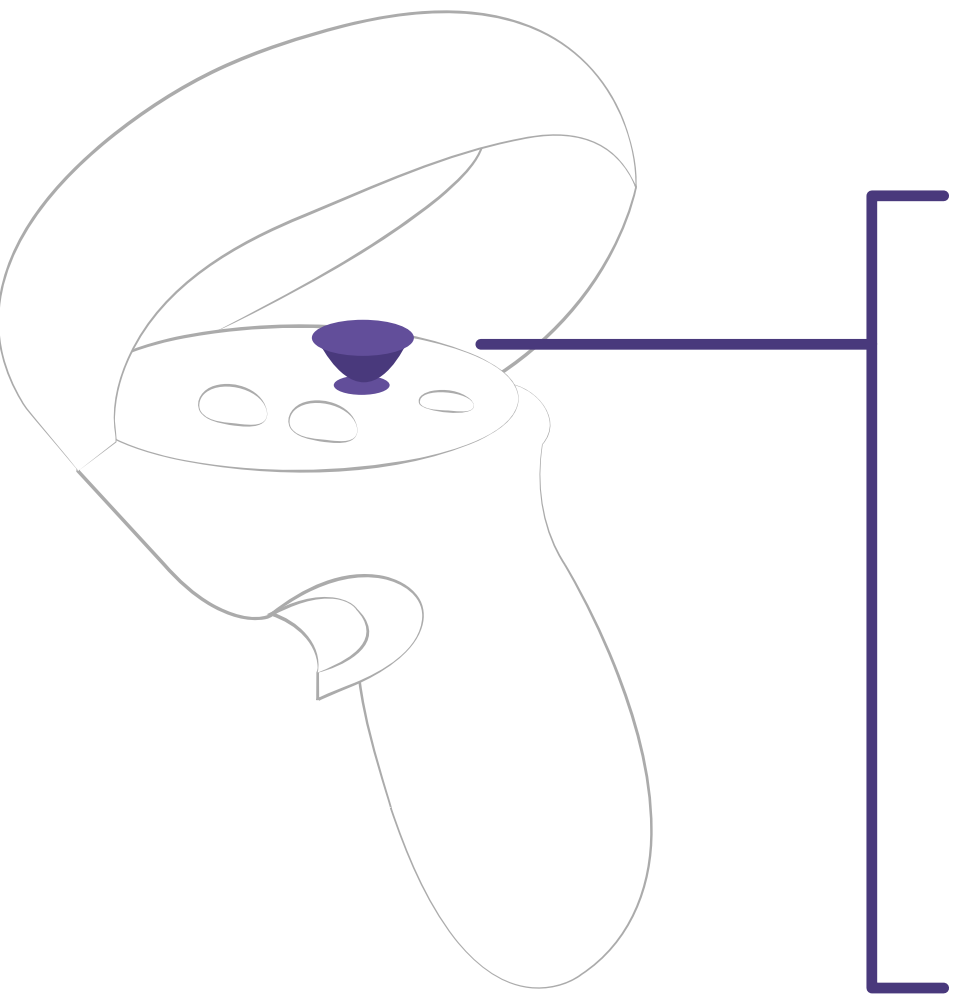

Rest and refuel: Safely detach from your space gear and bask in the afterglow of your intergalactic shopping spree. Share your score with fellow Cosmic Couriers and prepare for your next mission.

or

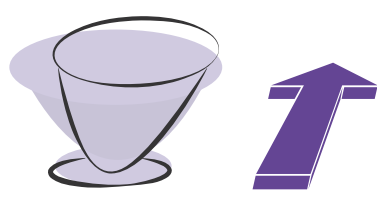

Blast off to another level: Wait a few seconds and dive back into the Supermarkt VR and push your limits with a fresh challenge.

CONTROLLERS

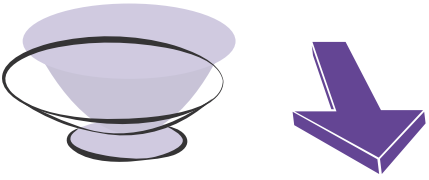

Moving through the aisle:

Use the thumbsticks (analog) buttons to move around the Supermarket.

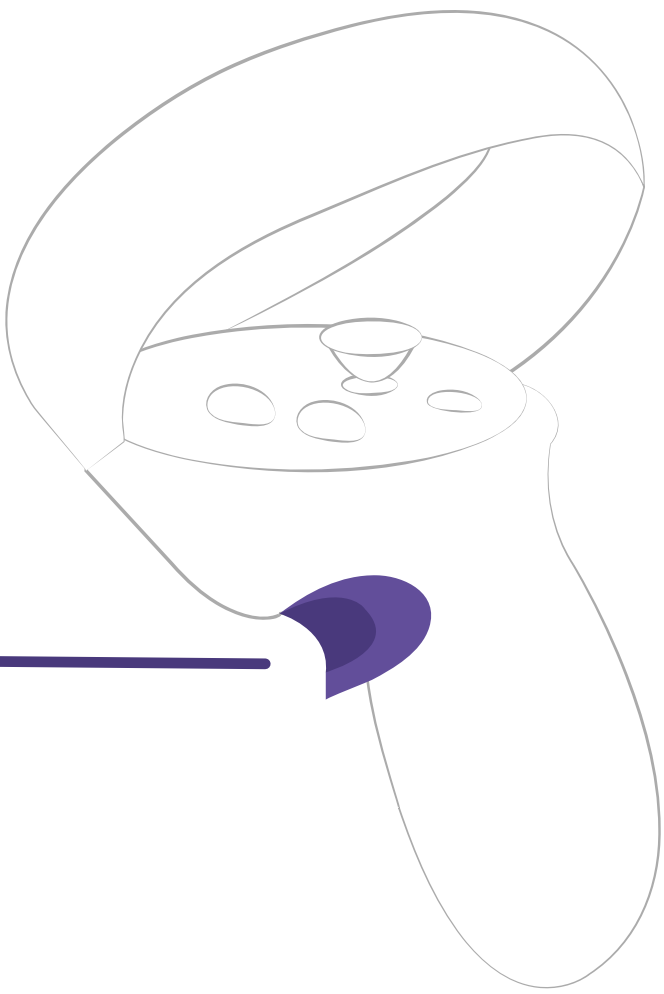

FORWARD

BACKWARDS

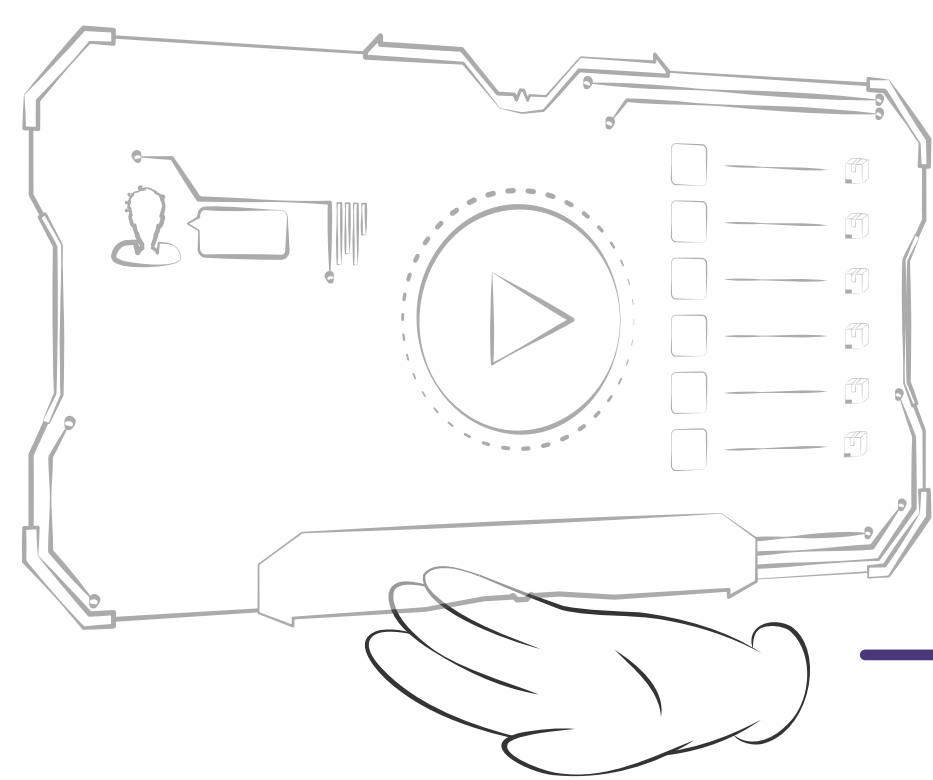

Grabbing items:

Press and hold the grip (sides) buttons to close your hands on items at the shelves, to drop an item simply release the grip button.

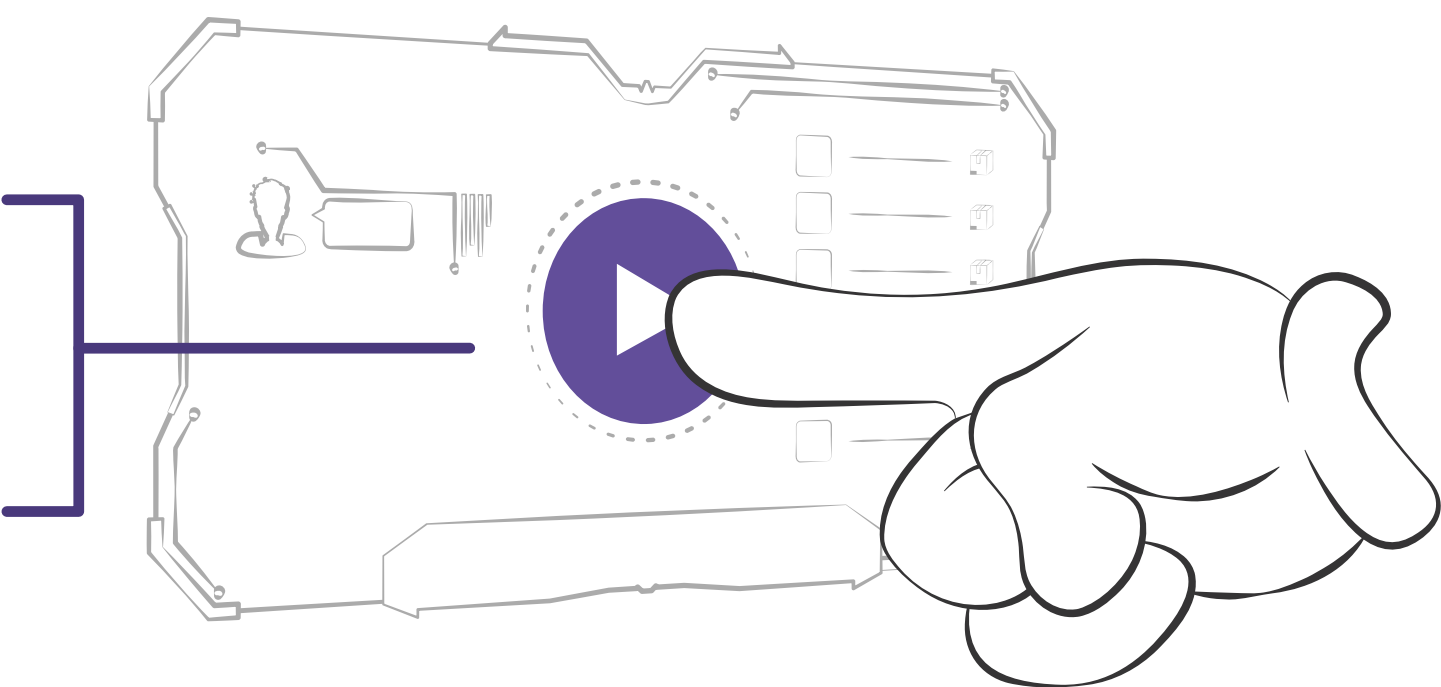

CONTROLLERS

Listening to the grocery list:

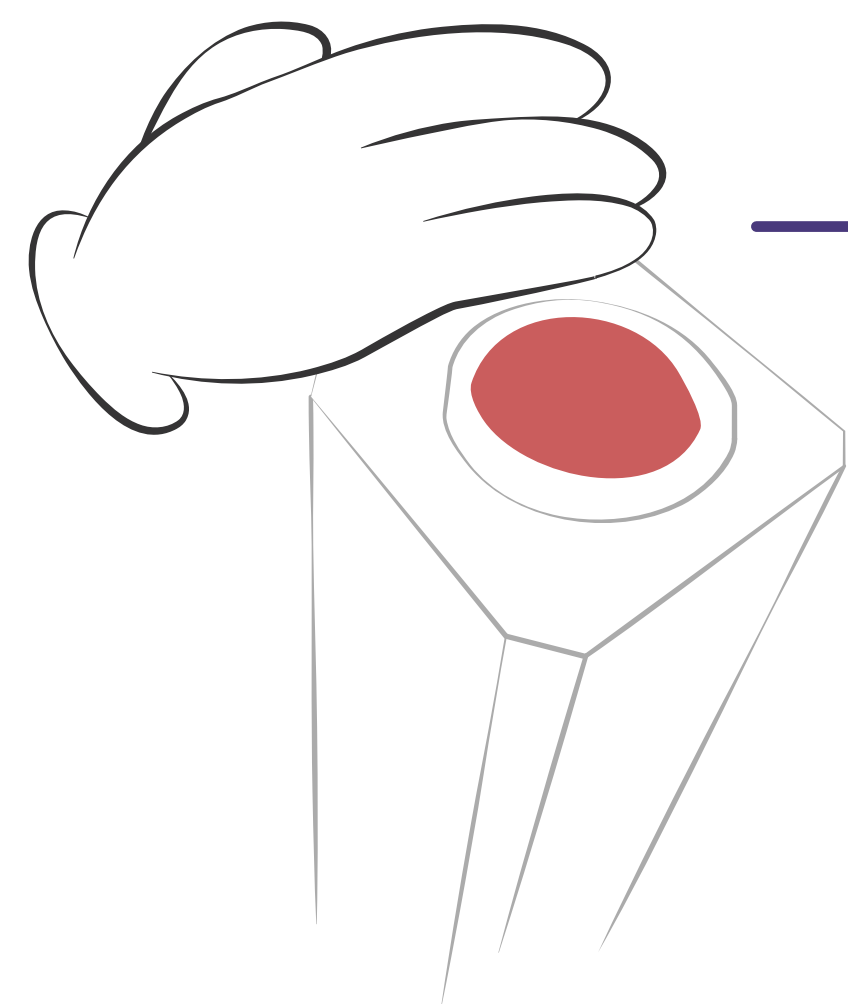

Face your left palm up to access your shopping gadget.

Then with your right hand, press once the play button.

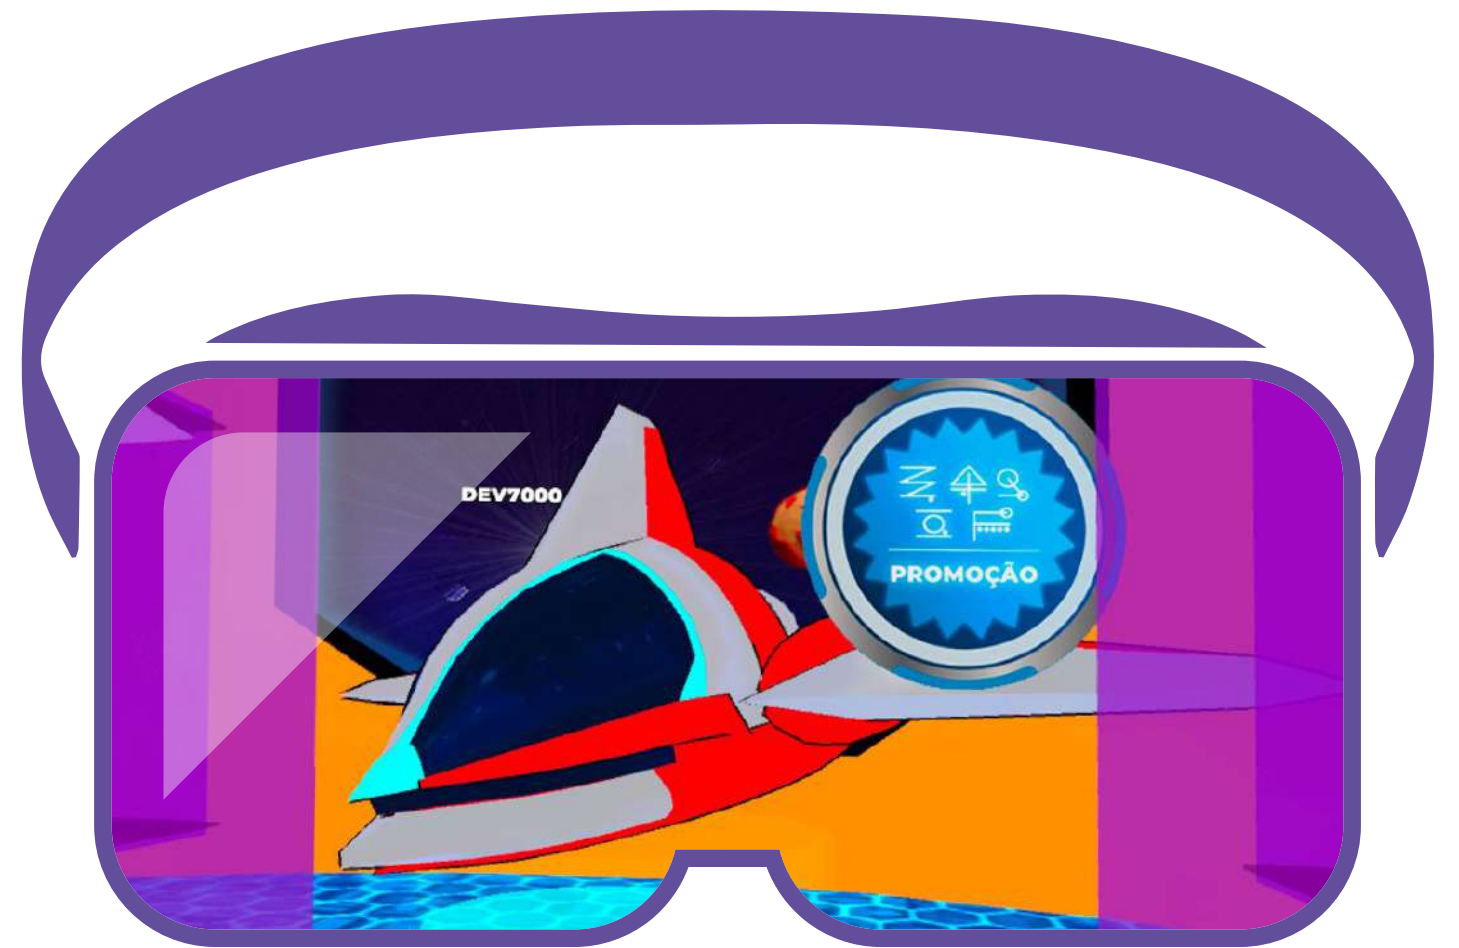

Submitting the purchase:

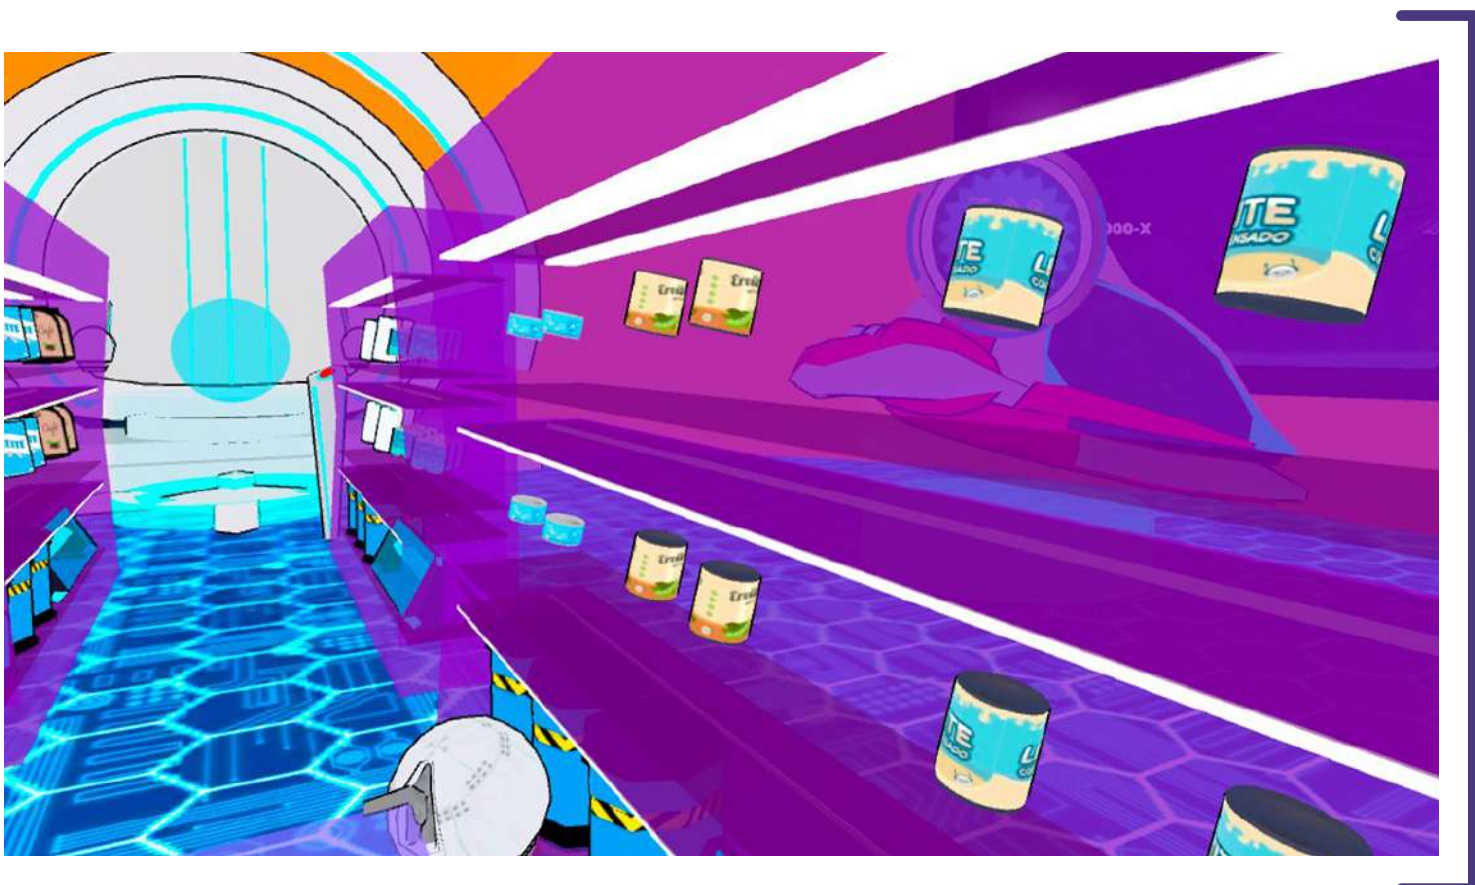

Simply press the palm of your hand against the big red button at the checkout station.

STIMULATED SKILLS

Supermarket VR is a fun and challenging way to train your cognitive skills in a virtual reality environment. It's perfect for those who want to improve their auditory memory, auditory-visual association and listening in challenging situations, such as understanding speech with distorted sounds or with competitive noises in the environment (auditory closure and auditory figure-ground discrimination).

Main stimulated skills:

- **Auditory Memory**
- **Auditory Figure-Ground**
- **Auditory Closure**
- **Auditory-Visual Association**
